## EDUCATION

### Columbia University

*M.S., Journalism and M.S. Computer Science*

New York, NY

Expected May 2022

Coursework in Analysis of Algorithms, Artificial Intelligence, User Interface Design, Reporting and Investigative Techniques

### Emory University

*B.S., Statistics and Political Science.*

Atlanta, GA

May 2020

**Honors & Awards:** Dean's List \ Phi Beta Kappa \ Pi Sigma Alpha

Coursework included year-long investigative reporting at the **Georgia News Lab**, a partnership between top journalism programs in Georgia, the Atlanta Journal-Constitution and Georgia Public Broadcasting. Highlights include:

- Investigated poll changes in 7 Georgia counties by analyzing board minutes, precinct maps and election budgets.
- Tracked campaign finances, dug personal histories and conducted interviews to profile Georgia congressional candidates.
- Cleaned and aggregated data sets obtained through FOIA requests and provided data support for 12 other reporters.

## PROFESSIONAL EXPERIENCE

### Dow Jones News Fund

Atlanta, GA

*Data Journalism Intern at Georgia News Lab and Georgia Public Broadcasting*

Summer 2020

Built a database of state-wide voter turnout across 5000+ precincts and four election cycles. Reported on and wrote about the 2020 Georgia primary as well as the county-level management of CARES Act funding. Highlights include:

- Cleaned and visualized (using R and Tableau) 500+ pages of government records, including voter demographics, polling location changes and absentee ballot applications, obtained through official databases and FOIA requests.
- Interviewed 15+ elected officials and local business owners who managed CARES Act funding or participated in the Paycheck Protection Program.
- Investigated the electoral effect of poll closures and published an interactive map informing voters of last-minute changes.
- Compiled and transcribed, in real-time, photos and interviews from field reporters into a live election blog on primary day.

### Council on Foreign Relations

New York, NY

*Asia Studies Intern*

Summer 2019

- Performed bilingual research and drafted policy memos on issues including the Belt and Road Initiative, China's renewable energy policies, the Shanghai Free Trade Zone and the U.S.-China trade war.
- Published an analysis of the technological potential and political risks for Huawei and ZTE, on CFR's policy blog.
- Prepared briefings on the Chinese medical industry's market access and intellectual property issues.

### Emory Academic Support

Atlanta, GA

*EPASS Captain*

September 2018 – April 2019

- Held weekly tutoring sessions for QTM100 "Introduction to Statistical Inference", QTM110 "Introduction to Scientific Methods", POLS 208 "Research Design Methods" and POLS110 "Introduction to International Politics".
- Trained 15 new tutors and helped schedule appointments, enforce policies, and trouble-shoot payment procedures.

### Wesleyan Media Project

Atlanta, GA

*Research Assistant*

September 2018 – April 2019

- Worked with Dr. Zachary Peskowitz in a study of political advertising strategies on television and digital platforms.
- Coded video, audio, and textual data from television and the Facebook Ad Archive.

### The Carter Center

Atlanta, GA

*China Program Intern*

Summer 2018

- Performed bi-lingual research and prepared presentations on US-China cooperation and confrontation in Africa.
- Drafted briefing materials, compiled guest biographies, and provided other program support for a high-level US-China consultation forum held in Djibouti.
- Published an analysis of Donald Trump's meeting with Kim Jong-un, receiving 7k+ views.
- Prepared fundraising materials and created news summaries for program events.

### Dentons

Nanjing, China

*Criminal Defense Department Intern*

July 2017 – August 2017

- Performed legal research and prepared briefings on China's industrial regulations and judicial review policies.
- Organized case materials and archived 10+ litigations both online and in paper files.
- Filed expense reimbursement paperwork for 500+ items on behalf of the attorney.

## LEADERSHIP & SERVICE

### Emory Journal of Asian Studies (ejasonline.org)

Atlanta, GA

Co-Founder & Chief Editor

June 2018 – June 2020

- Founded the *Emory Journal of Asian Studies*, officially charted by the Emory Media Council in November 2018.
- Recruited a team of 30 editors, connected with 6 other universities, and successfully published two print issues.
- Coordinated venues & facilities, ran a weekly communication, and organized event logs and records.
- Managed the online presence of the Journal including the EJAS Facebook page, OrgSync, and ejasonline.org.

### Emory University Political Science Student Advisory Council

Atlanta, GA

Co-chair

December 2018 – May 2020

- Led a student-faculty initiative to reform the curriculum, connect with alumni, and publish a department newsletter.
- Coordinated sub-committees and organized bi-monthly council meetings for 25 members.

### Emory East Asia Collective

Atlanta, GA

Editor & Contributor

September 2017 – September 2018

- Co-founded an EAC writing team and contributed to interactive news updates on the organization's Facebook page.
- Published news articles about East Asian politics including President Trump's trip to Asia and US-China relations.

### Alpha Squad Subtitle Group

Nanjing, China

English-Chinese Translator & Subtitle Producer

February 2016 – August 2017

- Worked with a team of 30 to produce bilingual subtitles for 5 seasons of Last Week Tonight with John Oliver and other American TV shows, with the goal of making English-language discourse accessible to Chinese audience.
- Co-founded a sub-team to translate BBC documentaries such as "Inside Obama's White House."

## RESEARCH PROJECTS

### History Lab (history-lab.org)

September 2020 – Present

One of 3 student researchers accepted into the Lab after a competitive process. Will work on building a database of local government records obtained by journalists through FOIA requests using natural language processing and machine learning.

### Gay Man Project R, Python, Stanford CoreNLP

September 2019 – Present

Used computational linguistics to analyze a 400-story corpus and found statistically significant differences in biographical narratives before and after coming out. Currently working on a paper with Professor Roberto Franzosi at Emory University.
